

Connection Tool: LOVE Vox

One of my favorite ways to interact with students is through social media. After usage guidelines and norms are established, social media can be used as a powerful tool to connect with and inspire our students. Social media can also be used to engage students in meaningful conversations and promote SEL in our classrooms. Voxer is a walkie-talkie app that is designed for groups to communicate. Coupled with a social media content calendar, it is a perfect way to show your students (and their families) some LOVE inside and outside of the classroom. This calendar can also be used with Google Classroom, Remind101, Seesaw, Twitter, TikTok, or other communication tools.

September

 Where do you see yourself five years from now?	 What is your superpower? How can you use it to change the world?	 If you could solve an issue in your community, what would it be and why?	
 If you were asked to present a TED style talk, what would be your idea worth sharing?	 What is one thing you find beautiful about your community?	 Would you rather receive \$750,000 or have dinner with a billionaire? Why?	 If you could switch lives with someone, who would it be? Why?
 If you could create your own company, what would you specialize in?	 What is one piece of advice that you would give to administration about the culture of your school?	 What woman would you describe as a game changer?	 How would you describe your WHY in life?
 What is one issue you are most passionate about?	 What is your definition of success?	 What 3 stops would you make on your road map to success?	 If you could have dinner with anyone, who would it be? Why?
 What words of wisdom would you give to your younger self?	 What words of wisdom would you give to your older self?	 What or who inspires you?	 Give a shout out to a member of our Vox group and compliment them on one thing they did well this month.
